

Roadside Report Follow-Up

Use with the complete inspection report and correction evidence. This is a tracking sheet.

Carrier / USDOT / provider if applicable

Report number / issuing State

Inspection date and time

Driver / unit identifier(s)

Received by / received date and time

Operating status - resolve before dispatch

Out-of-service restriction / immediate action / responsible person

Repair evidence / release verification by and date

Paperwork response and retention

15-day certification due date

Issuing State requests return? / method

Certification completed / returned date / confirmation

Report and evidence location / retention follow-up

The 15-day response period does not authorize operation of an out-of-service vehicle. Transmit promptly when terminal arrival is not scheduled within 24 hours. Keep the report copy for 12 months.
